

# **SIERRA CLUB HIGH SCHOOL HIKERS FALL HIKERS WORKSHOP 2010**

The High School Hikers (HSH) Fall Hikers Workshop has been a mainstay of the program for more than 25-years. The intent of this one-day seminar is two-fold. First and foremost to provide you with valuable hiking, safety and environmental skills and secondly to let you meet and socialize with young adults and advisors from other HSH clubs.

We hope that you will enjoy the workshops, learn new skills and meet new friends!
